# PRESIDENTS MESSAGE

Mike White

The October Tri-City Corvette Club monthly meeting had a great turnout of members and guests. Please welcome guest Belinda James, a friend of Jeff Breaux and Kelly Cody.

Kelly met the requirements and the club voted her in. Please welcome Kelly and her 1971 Stingray convertible.

Shawn Bruno had a quadruple bypass, and is at home doing well.

Cathy Long is still out with back problems and is waiting for an appointment in Houston.

Our prayers and thoughts go out to Rickie and Cathy Knott for the loss of Cathy's father, Chester Anthony Broussard Sr.

We would like to welcome our new charity, Outdoor Association for True Heroes, "OATH": The Club would like to also welcome our newest sponsor, Thermocon Service Company.

Due to the hurricane, Orangefield Homecoming was rescheduled and did not use our Corvettes. This is the second time we have not done their homecoming due to hurricanes in 26 years.

Thursday October 8, 2020 we were at Moore GM Silsbee for our annual Car Show Promotion. KFDM Morning Show featured our Corvettes and promoted the 26<sup>th</sup> Annual Tri-City Corvette Show on October 10<sup>th</sup> at the Holiday Inn Beaumont. Thanks to all the members that showed up in the rain to promote our show. There were 14 corvettes C2 – C8. Thank you members.

Thanks to all that came out to the Holiday Inn to help put together goodie bags for the show. Thank you very much.

Hospitality Night, Friday October 9<sup>th</sup> we welcomed our out of town guests. There were about 50 people who rode out Hurricane Delta. Thanks to all the members that showed up in the hurricane to welcome and serve our guests.

Saturday October 10<sup>th</sup> was the 26<sup>th</sup> Annual Tri-City Corvette Club Show. After Hurricane Delta, it was a beautiful sunny day. We had 65 corvettes registered for the show, which is not bad due to Covid-19 and the Hurricane. We had a lot of cancellations from our friends in Louisiana. Hope they did not suffer any damage.

We had the Texas Military Honors Team to open the show with Show the Colors / Pledge of Allegiance. Then we had Joyce Hall sing the Star-Spangled Banner, and it was beautiful. A member of the Tri-City Corvette Club, Glenn Johnson is the Club's National Corvette Museum Ambassador and also is the Elected Chair of the Board at the National Corvette Museum.

Glenn Johnson was given the honor of welcoming our special guests to the 26<sup>th</sup> Annual Corvette Show. Glenn introduced GM Corvette Assembly Plant Manager Kai Spande and his wife Kaci, and NCM Director of Operations, Stephanie Morrill and her daughter Madison with significant other Sean from Bowling Green, Kentucky and Lon and Anne Helton from Nashville, Tennessee. It was great that they could attend our show.

The purpose of the Corvette Show is to recognize our charities. The club raises funds all during the year and presents a check to each charity at the show. Our charities include:

Buckner Children and Family Services, Beaumont, Texas  
Humane Society of Southeast Texas  
Jefferson County Foster Care  
Lamar University Scholarship  
Outdoor Association for True Heroes, "OATH"  
Southeast Texas Food Bank  
Texas Military Team

I would like to thank Coach Burgess, our Show Director for keeping everyone on time. Thanks Coach.  
Thanks to Jane Barron and Mona Berry for registration. Great job.  
John Berry had a great crew of judges this year. Thanks John.  
Thanks Rod Johnstone and Charlie Barron for parking lot duty which was well organized.  
And as usual, Ronnie Jones did a great job on taking the car photos for the plaques.  
Silent Auction made good money thanks to Pat McCulley and crew.  
A special thanks to Brad Metz for organizing a lot of the events.  
Thanks to Bobbie and Rod Johnstone for an exciting valve cover racing event.  
Thanks to all that helped in making this 26<sup>th</sup> Annual Tri-City Corvette Show a success.

We had no winner on the Spin the Wheel for a new Corvette from Moore GM Silsbee, but maybe next year.

The Tri-City Corvette Club was approached by Kathy Chessher, Community Development Manager for the American Cancer Society to attend the "Pink Power Cruise" on Saturday, October 24<sup>th</sup> at Lamar University Montagne Center parking lot. Line up starts at 8am. They would like to have 15 Corvettes for riders of "Real Men Wear Pink for Breast Cancer Awareness". You can decorate your car if you like.

What makes the Tri-City Corvette Club such a success and moving forward is our members. Thank you members.

Please support our sponsors, they keep us up and going. Thanks to Moore GM Silsbee, Bradley's Collision Center, Gulf Credit Union, Thermocon Service Company, TWFG Insurance Service, Terry Cauthen, and Elite Auto Shield.

# VICE-PRESIDENTS COMMENTS

## John Berry

Well our meeting at Sombrero Mexican Grill was awesome with a great turnout in attendance. I would like to thank all that attended, and we covered many items, especially the car show.

We had our 26th Annual Tri-City Corvette Show October 10, and I think it was a great success especially with Hurricane Delta hitting 60 miles away on the day before the show. We still had numerous clubs travel and brave the weather and our hospitality night was another success. The weather that Saturday was great, and we missed several of our members dealing with some hurricane damages and power outages. I hope all is well. I believe we had around 65 registered cars and judging was fierce with such great cars.

I would like to thank all the club members that participated in the car show and helped make our show another great success. I would like to give a special thanks to all the car show judges that did a great job as this can be a very demanding job at the show. So, thank you Deanna Courts, Glinda Pareso, Dan Pareso, John Decker and Charlie Barron, what a great job! It was great to see the Teamwork of everyone that helped in all functions of the show, it takes all of us to make this work and it is really appreciated.

Please keep up with the club emails and club Facebook on up-coming events, especially for upcoming events and club functions.

**Guest & New Members:** Kelly Cody has met the requirements to become a member by attending two meetings and events. Kelly owns a black 1971 Stingray. We voted Kelly in as a member of the TCCC.

**Sponsors:** Mike wanted to recognize our sponsors and say thank you for their support. Please remember to bring your business to our sponsors, because the more business we can bring to our sponsors the longer they can support us.

**Elite Auto Shield**

**Updates on Members:** *Shawn Bruno* had open-heart surgery, quadruple bypass and he is at home. Shawn is doing well, and he has about 6 weeks of recovery to heal and start feeling better.

*Kathy Long* is still out with her back, and she is waiting to see a specialist in Houston for her back pain.

**Board Meeting Notes:** Mike shared with the members some of the topics that were brought up at the board meeting:

**Donations & Charities:** For the past few years, members have brought up charities that the TCCC should contribute to. In 2015, the TCCC adopted the Charity Selection Criteria Guidelines and Application Form. The Charity & Scholarship Committee approved the guidelines and application, and the information was brought to the members, voted on and approved. Any charity donation recommendations must meet the Charity Selection Criteria Guidelines. They should fill out an Application to be presented to the Board Members for a vote and presented to the club members for approval.

**Our Current Charities:** Mike ask the board members if we wanted to provide our charities with additional funds or add additional charities. After some discussion, we will keep the charity funds the same as currently approved. The Officers and Board Members will look at all our charities at the beginning of next year. We will also look at the Charity Application Criteria and look at possibly increasing the amount of funds donated to each of the charities.

**Southeast Texas Food Bank:** A motion was made in the board meeting to provide an additional \$1,000 to the Food Bank and present the check to them at the car show. The motion of providing an additional \$1,000 to the Food Bank was presented at this meeting and approved.

## Build Sheets & Window Stickers

Your Corvette Collection just isn't complete without a copy of your build sheet and a reproduction window sticker! The National Corvette Museum offers build sheets and window stickers for any Corvette assembled in Bowling Green since the GM Plant opened in 1981.

### **Build Sheets**

There's a lot of nifty paperwork associated with cars. Most people throw the stuff out shortly after buying their car but in some cases the original paperwork is still available with the car.

The Build Sheet, often considered "the holy grail" too many folks, is a cool item to find. It is often the only means of verifying exactly what options came with your particular car, and helps you determine how many Corvettes were produced exactly like yours. The build sheet is what goes down the line with the car when it is being assembled. It indicates to the line worker exactly what goes on that specific car.

Build sheets vary in size from year to year, 8½ X 11 up to 11 X 17 and you have the option for it to be laminated.

### **FAQ**

**Q. Does the build sheet contain the build date?**

**A. No.** In 2006 the Assembly Plant quit putting dates of any type on the build sheet. Prior to that, the date on the build sheet was NOT the date the car was built, but the date the order was entered for production. It has been reported that it took 7-10 the working days from the time the order was entered until the Corvette rolled off the production line.

**Q. Does the key code appear on the build sheet?**

**A. No.** The key codes do not appear on the build sheets due to security reasons. Key codes can only be obtained through an authorized dealer.

**Q. How can I obtain a build sheet for a Corvette built in St. Louis?**

**A. We do not know.** We have been told by General Motors that all records from the St. Louis Plant were destroyed in a fire after the Assembly Plant was re-located to Bowling Green in mid-1981.

**Build Sheet (Paper) – \$35 Members\* / \$45 Non-Members**  
**Additional Paper Copy – \$10 Members\* / \$12 Non-Members**  
**Lamination – \$5 each**

**\*eMemberships are excluded**

*Notice: we are missing the following build sheets for 1982 – VIN numbers 109001 thru 117800, 118201 thru 118400, 119201 thru 119800*

## Window Sticker

Also called a Monroney Label, this is the sticker that is affixed to a new car when it is delivered to the consumer. A law was passed by Congress in 1958 requiring all automobile manufacturers to affix a price label to all new automobiles showing Manufacturers Suggested Retail Prices for a vehicle and all options installed at the factory. This law was proposed by Senator John Monroney, and was to begin with new 1959 models.

If your car is a show car, this informational piece is a must! Some car shows such as Bloomington Gold require you to have a list of options on the car. What better way than a reproduction of the window sticker?

*If you are ordering a reproduction window sticker, you must order the build sheet at the same time.*

**1981 – current Window Sticker/Build Sheet Combo – \$75 Member\* / \$90 Non-Members**

**Additional Copy Window Sticker – \$10 Members\* / \$12 Non-Members**

**Lamination – \$5**

**\*eMemberships are excluded**
